

July 2022

Dear Friends of Kiwanis,

Anderson Hills Kiwanis' mission is to create a better community through recreation for youth, assistance to senior citizens and financial support to students, schools and parks.

Our club has a core of dedicated adults willing to share their time and energy to accomplish the mission. Volunteers are essential to the success of these projects. Various projects during the year do require more assistance.

I am writing to ask for your help. Joining us as a Board Member or project volunteer will go a long way to help us to serve the youth of Anderson and Turpin area community as we have since 1957.

Projects include Kiwanis Basketball Association (KBA), a basketball league for 7-12 grade students. Proceeds provide college scholarships to select KBA high school seniors. Other projects include raising significant funding to enhance the handicap accessible playground at Anderson Park District's Veterans Park.

We also sponsor Turpin Key Club which is the youth version of Kiwanis International. Key Clubs encourage local students to volunteer and work on different projects around their community.

Help us continue the rich history of Anderson Hills Kiwanis. Please join us and make a difference. Feel free to contact any Anderson Hills Kiwanis member through the website or email address below.

All the best,

Mike Wesselman
President
